

# KNEEPADS

## COMFORT-PROTECTION-FUNCTION

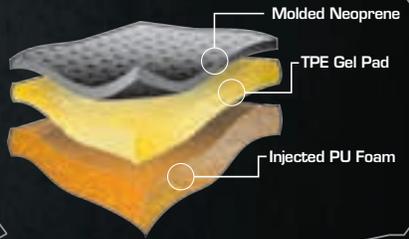

We design every kneepad we make with a focus on comfort, protection and function. Our top-of-the-line kneepads offer the ultimate in comfort by using a combination of layered gel and soft foam padding. The knee cups and strap systems are designed to hold the kneepad in place and make the fit as comfortable and safe as possible. We have kneepads for all applications with caps designed for stability, mobility, or for polished surfaces.

## KEY KNEEPAD LAYER CONSTRUCTIONS

#376

**GEL ULTRA**

Injection-molded polyurethane and Gel technology give our Contour-Fit Knee Cups™ unsurpassed all day comfort and support.

#367

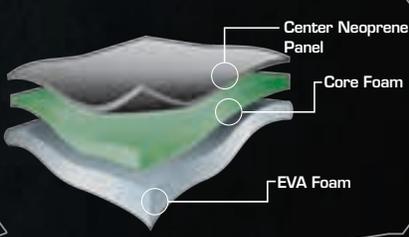

**GEL PLUS**

Layered Gel, high density closed-cell foam and neoprene padding for superior all day comfort.

#342

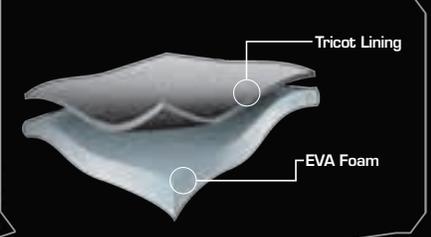

**2X FOAM**

High-density, closed-cell foam inner pads for all day comfort.

#V237

**FOAM**

High-density, closed-cell foam padding for all day comfort.

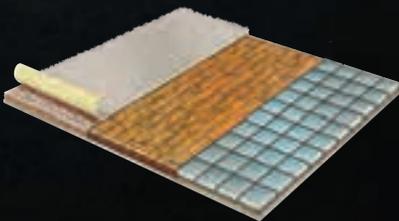

**TPE:** Thermoplastic Elastomers

**EVA:** Ethylene-Vinyl Acetate

**PU:** Polyurethane

## KEY KNEEPAD CAP AND SURFACE USES

**FS** FLOORING SURFACE

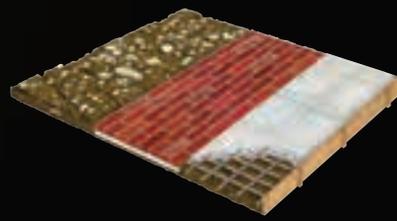

Indoor, Tile, Wood, Carpet, and Linoleum Flooring Surfaces.

**Non-Marring Cap**

**RS** RUGGED SURFACE

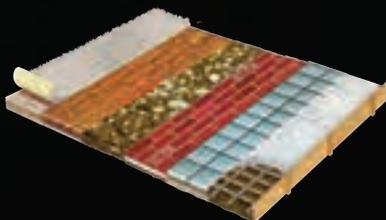

Outdoor, Landscaping, Cement, Brick, and Stone Surfaces.

**Hard Cap**

**MS** MULTI-SURFACE

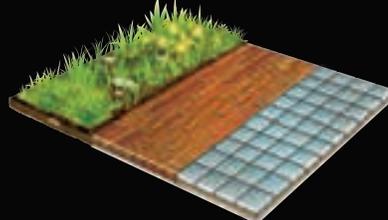

Outdoor, Indoor, Cement, Brick, and Flooring Surfaces.

**Flexible TPE Cap**

**GS** GENERAL SURFACE

Gardening and Home Projects.

**Molded Foam Cap**

378

**GEL STABIL-CAP™  
ARTICULATED KNEEPADS**

**SURFACE** | MS - MULTI-SURFACE

Our Stabil-cap™ design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.

Injection-molded polyurethane and Gel technology give our Contour-Fit Knee Cups™ unsurpassed all day comfort and support.

Articulated straps are configured to allow kneepads to "float over" the knees when standing, requires less strap adjustment, and provide greater all day comfort than traditional strap systems.

**GEL ULTRA**

One size fits most.

372

**GEL FLOORING KNEEPAD**

**SURFACE** | FS - FLOORING SURFACE | GEL ULTRA

› Softcap™ design resists scratching and works well on hard, polished finish surfaces.  
› Web and woven elastic straps with slide buckle connectors allow for easy adjustment and a secure fit.

› Injection-molded polyurethane and Gel technology give our Contour Fit Knee Cups™ unsurpassed all day comfort and support.  
› One size fits most.

376

**GEL STABIL-CAP™ KNEEPADS**

**SURFACE** | MS - MULTI-SURFACE | GEL ULTRA

› Our Stabil-Cap™ design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.  
› Web and woven elastic straps with slide buckle connectors allow for easy adjustment and a secure fit.

› Injection-molded polyurethane and Gel technology give our Contour Fit Knee Cups™ unsurpassed all day comfort and support.  
› One size fits most.

375

**GEL SWIVEL KNEEPADS**

**SURFACE** | FS - FLOORING SURFACE | GEL ULTRA

› Our unique swivel cap design makes forward and lateral movement easier, effectively increasing your range of motion.  
› Web and woven elastic straps with slide buckle connectors allow for easy adjustment and a secure fit.

› Injection-molded polyurethane and Gel technology give our Contour Fit Knee Cups™ unsurpassed all day comfort and support.  
› One size fits most.

367

**AIRFLOW™ GEL KNEEPADS**

**SURFACE** | MS - MULTI-SURFACE | GEL PLUS

› Airflow side panel design helps ventilate kneepad and reduce heat build-up.  
› Stabil-cap™ design provides a solid kneeling base and also allows for easier forward movement, effectively increasing your range of motion.

› Layered Gel, high density closed cell foam and neoprene padding for superior all day comfort.  
› Elastic straps with hook and loop closures provide the right fit.  
› One size fits most.
