

WHAT'S NEW!

Gallo Gun (Available Spring 2020)

The Gallo Gun is a lightweight portable tool designed to blow out condensate drain lines instantly. Simply insert a Gallo Gun CO₂ cartridge into the Gallo Gun and with a press of the trigger, oil-free, food-grade air instantly clears the line. **See more on page 15.**

Thermo-Trap® Putty

Thermo-Trap Putty is a reusable putty material that is referred to as a heat sink. When applied to the metal working surface, Thermo-Trap soaks up heat and reduces heat transfer to protect sensitive components. **See more on page 23.**

Complete Care Mini-Split Kit

The Complete Care Mini-Split Kit contains everything you need to clean the coils on four mini-split units. The kit includes two packages of Gel Tabs Mini condensate pan treatment, two cans of Tri-Pow'r HD Aerosol coil cleaner, one Clean Guard maintenance bag and a reusable bucket. **See more on page 15.**

Ice Guard Plus

Ice Guard Plus contains advanced technology to dramatically reduce ice machine maintenance and cleaning. This technology utilizes the known properties of silver and copper, incorporated into a drop-in device, to control bacterial slime growth. The device is placed directly into the recirculating water sump, providing treatment of the machine in one easy step. **See more on page 34.**

Quick Seal Repair Patch

Quick Seal Repair Patch is a UV light activated fiberglass reinforced self-adhesive repair patch. The fiberglass reinforced repair patch is made of polyester/plastic and is designed for quick, in-the-field repairs. **See more on page 22.**

Gel Tabs™ - Condensate Drain Pan Treatment

Formulated with a breakthrough technology for treating air conditioning drain pans and lines. Keeps the drain pan from clogging and eliminates foul and musty odors. New size designed for Mini-Splits! **See more on page 13.**

Total System Protection

THE ULTIMATE IN REFRIGERANT LEAK SEALANTS

EasySeal® Ultimate

The EasySeal® line has proven to be the number one trusted leak sealant brand for years, with millions of leaks sealed. Now Nu-Calgon has made EasySeal even better with EasySeal Ultimate – the strongest and fastest leak sealant on the market, now with the ability to treat systems up to 10 tons in one application. EasySeal Ultimate features Rapid Fusion Technology™ for a stronger bond and a new injector design for easier installation. The UV dye versions – now with brighter UV dye – allow you to see where larger leaks are with the use of a UV light.

EasySeal Ultimate LS	Systems 2-10 tons	4050-08
EasySeal Ultimate LS/UV	Systems 2-7.5 tons (with UV dye)	4050-11
EasySeal Ultimate SS	Systems up to 2 tons	4050-05
EasySeal Ultimate SS/UV	Systems up to 2 tons (with UV dye)	4050-21
LS Bulk 6-Pack	Systems 2-10 tons	4050-07
LS/UV Bulk 6-Pack	Systems 2-7.5 tons (with UV dye/UV flashlight)	4050-12
UV Leak Detection Kit	UV flashlight and glasses	4050-15

A/C EasySeal®

A/C EasySeal prevents and seals refrigerant leaks in residential and light commercial ACR systems. It is perfect for those hard-to-find and expensive-to-fix leaks and works with all refrigerants (except ammonia). It is easily installed with the reusable piercing valve and hose. A/C EasySeal circulates with the system's refrigerant, and if a leak should occur, it will quickly and permanently seal the leak and prevent the system from losing refrigerant and shutting down.

A/C EasySeal	Pressurized can - treats 1.5 to 5 ton systems	4050-06
A/C EasySeal-SS	Pressurized can - treats fractional to 1.5 ton systems	4050-01
"2+1" Display Pack	2 cans of A/C EasySeal and an A/C Piercing Valve and Hose	4050-02
A/C EasySeal-XL	Treats systems with refrigerant charge of 125 lbs. to 250 lbs.	4050-10
A/C Piercing Valve and Hose	Use with A/C EasySeal and A/C EasySeal-SS	4051-99
