

## TOOLS

### Z-Tool

This handy dual nut driver has 1/4" and 5/16" pivoting sockets to reach the most difficult angles, and tightest screw locations.

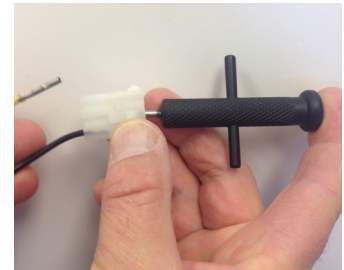

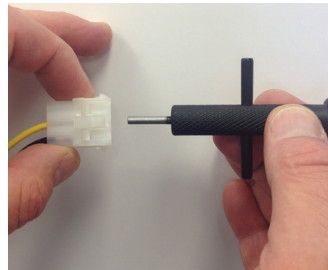

**ZT10**  
**ZT10-Bulk 25/Box**

### Pin Extractor Tool

This handy tool will help to pop out Molex and Amp Electrical pins in igniter and other controls.

**PE44**

### Core Gripper

Just push in the base to extend four gripper fingers and the spring release grabs the core so that it can be turned out and removed.

**CGR10**
