

## CONDENSATE PUMPS

## ClearVue™ Pump

No Float, No Problems! ClearVue's Variable Speed and Lift and Floatless Sensor™ make this the most advanced condensate pump ever. This new pump can provide up to 22' of lift if needed. ClearVue™ runs at the minimum speed needed, saving wear on the pump. The pump selects the lowest effective speed, making it quieter than a regular pump. Its unique self cleaning feature senses problems and automatically enters a self cleaning mode using condensate water to fix the issue. The ClearVue™ pump features a clear bottom tank to easily check the water level. Other features include: stainless steel mounting tabs, silicone rubber feet, reversible deck, four inlet holes, and LED indicator lights. ETL Listed File Number 3190890

## FP-22 Furnace Pump

NEW!

The FP-22 Furnace Pump is a full featured condensate pump designed for condensing furnaces and other hot water applications. It handles hot condensate water up to 190 degrees F. Other features include 22' lift, built-in P traps, steam resistant electronics, and a super tough tank. Available in 120 and 230V models.

<b>FP-22-230</b>	Furnace Pump 230V 22' Lift 190°F Condensate	EA	1

## BP-46 Boiler Pump

NEW!

The BP-46 Boiler Pump is a heavy duty, full featured condensate pump for hot water applications up to 212 degrees F. It features a 46' lift, oil resistant tank and impeller, two inlet holes and 1/4 turn check valve. Additional features include high impact construction, large tank and is available in 120 and 230V models.

## CP-22 Pumps

Suitable for use with condensate from HVAC equipment which produce condensate. 22' of lift compared to the typical 20'. Features include vibration dampening feet and motor mounts, metal hang tabs, four inlet holes, a clear indicator display, a float switch and check valve. Integrating the CP-22 into your system is easy. 1/4" quick connect terminals provide easy connection to the built in overflow switch. 2 terminals are provided allowing flexibility to connect air handler shut down. UL Listed File Numbers E253155 and E258186.

<b>CP-22-230T</b>	Condensate Pump – 230V w/20' 3/8" Tube	EA	6

## CP-22 Low Profile Pumps

The new CP-22LP comes packed with all the same great features found in the CP-22, but now in a low profile package. This pump is only 4-3/8" tall so it's a good fit for those instances where space is at a premium. The shorter reservoir holds 1/3 gallon. Suitable for use with condensate up to 160 degree F. UL Listed File Numbers E253155 and E258186.

## General Purpose Pumps

The DiversiTech CP-16 condensate pump is an economical alternative that's based off of the proven CP-22 design. More compact than the CP-22, it's designed to lift to a maximum of 16 feet. The CP-16 shares many of the great features of the CP-22, including hang tabs, four inlet holes, float switch, overflow switch, and a check valve. UL Listed File Numbers E253155 and E258186.
