## CONDENSATE NEUTRALIZERS

## Condensate Neutralizers

DiversiTech offers a full line of condensate neutralizing products including both vertical (wall) and horizontal (floor) mounted units and pumps ideal for any installation. These products raise the pH of acidic condensate to prevent damage to drains or equipment and help protect the environment. Replacement media also available for all neutralizer units.

## CONDENSATE DRAIN LINE SWITCHES

## PAN MOUNTED SWITCHES

## Wet Switch® Flood Detector

A solid state control designed to help prevent flooding, damage to carpets, walls, furniture, ceilings, etc. Has a built-in test and reset button for easier installation. Turns system off when detecting moisture due to condensate or drain leaks. One or two drops will cause Wet Switch® to turn off a unit, alerting a serviceman to a moisture problem. A lit LED indicates the Wet Switch® is activated and has turned the unit off. Reset simply by drying the absorbent pad with a paper towel and pressing the reset switch. Connects to 24 VAC. More than one unit may be connected to a system. 2 amp contact rating. Simple 5 wire installation. Sales displays available. ETL Listed File Number 3146992. UL508 Approved.

## Condensate Cop™

Condensate Cop™ is a unique clamp on float switch intended for HVAC drain pan installation. The Condensate Cop™ features a large over clamping area that fits easily over the edge of all types of drain pans; including formed plastic and galvanized sheet metal. A separate float/probe assembly swivels to accommodate drain pans having sloped sides. The swivel action allows the installer to position the float switch for best operation and then clamp it into place. The probe features an inlet grill which prevents the float from being blocked or damaged by insulation or other debris. Sealed inside the probe is a magnetically actuated normally closed switch. The switch opens when rising water presents a potential flooding condition. Two wire connection for easy hook up to a thermostat "Y" (compressor) circuit. Provided complete with 5' (1.5 meter) leads, wire nuts, and clamping screws. Small size, 24V/1.5 amp NC reed switch. ETL Listed File Number 3166285. UL508 Approved.
